MINOR MENTION.

Bliss sells stylish goods cheap. The latest novelties in valling in all colors at Bliss. Special sale of ladies' linen collars and cuffs, at Cooke & Morgan's to-day. Marsh mallows and bananas seem a choice diet of telephone operators. W. J. Scanlon, the Irish minstrel, appears at the opera house next Monday evening. Bliss is selling trimmed hats at \$3.50 and \$4.00. Other houses charge \$5.00 and \$5.50. The Glen avenue progressive euchre club met last evening at the residence of J. T. Oliver. Go to Bliss' to-day and get your millinery and notions, the best and cheapest house in the west. The bricklayers' union meets to-morrow evening at 7:30 o'clock in their hall over the postoffice. Simon Eisenman's residence is having its interior greatly improved by decorations and paperings. Madison, Parker and McCabe, of the letter carriers, will turn out this morning in new uniforms. See the 'Pon Pon' ladies' collars for C. at Cooke & Morgan's. The trial of John Scott, arrested as a small confidence man, is to come off in his superior court this morning. The managers of the driving park are waiting to see what are to be done about the prohibitory law before arranging for a May running meeting. The new Odd Fellows' hall in the opera house block is being fitted up very nicely. The carpenters' work will be done in a day or two. Some of the young bloods of the city are organizing a fencing and sparring club. They will be sparring of barbed wire fencing, no doubt. Justice Hendricks is improving the interior of his office by new matting, potted plants, and other adornment, the change being greatly for the better. Hon. George R. Peck, who as a railway attorney is known far and near, was in the city yesterday in company with P. T. Bonebrake and C. C. Hoadley, also of Topeka. C. R. Allen, the map publisher, is busy distributing his new atlases of Pottawattamie county, and the subscribers seemed much pleased, the volume exceeding their expectations even. One of the saddest cases of insanity which has come before the board of commissioners, was sent to the asylum yesterday, a girl of seventeen, Miss Kittie Addison, of Oakland. Her condition was deplorable indeed. The county attorney had his hands full yesterday listening to the statements of claimants in the small-pox cases. The bills were numerous and heavy and the work could not be completed at one sitting. John Stewart was yesterday arrested on complaint of Mr. Wooliver, who claims that he has been stealing dirt from A. W. Street's bank to the amount of \$25. Mr. Stewart claims that he had permission to haul dirt from there. The case will be heard before Justice Schurz to-day noon. It is learned that the man Scott, arrested here for attempting to play a little confidence game, is the same fellow who got away with \$12 from one of the democratic visitors to the city at the time of the big rally last fall, and that he has just got out of the Omaha jail, where he served a short term for some petty offense. The police were summoned by telephone about 1 o'clock yesterday morning to arrest a man named E. Snow, who, it was claimed, was moving his household goods out of the house, leaving the landlord, Mr. Strohen, in the lurch for \$7 unpaid rent. Snow was brought up to police headquarters, but the officers concluded they had no authority for holding him, and so let him go. A man claiming to be from St. Joseph, a mason by trade, had a foot badly crushed under the cars yesterday. It seems that he was trying to steal a ride by clinging to the trucks under the car, and in this way met with the accident. Three of his toes will need to be amputated. He went over to Omaha yesterday, hoping to get into the hospital there for treatment. A matronly looking woman wearing goggles, furnished music on the streets yesterday, and sought to earn a living for herself, and a grown up daughter, and a little girl who collected the pennies, while the mother ground away at the hand-organ, and the young lady stood listlessly looking on. A placard on the organ informed the public that there were four more children at home. The musical family came here a day or two ago from Ottumwa. One of the children of the Dear Old Grandmother passed the following item in her scrap book: "While W. P. Aylsworth was engaged in raising a brick residence at the corner of Eighth street and Fifth avenue a few days ago, a part of the structure gave way, severely injuring a brickmason who was at work on the foundation." She should have looked

over the matter more carefully. There is no brick building at or near the corner mentioned, and no building near there has been raised for nearly a year. Further, Mr. Aylsworth says that no brick building nor no other building has given away or fallen in whole or in part, while he was raising it, and he offers \$100 reward for the proof that anything of the sort ever happened. Grand opening of millinery to-day at Mrs. Rogers, No. 341 Broadway. Sam Paine has commenced suit against the city for \$3,300 damages, on account of a defective culvert, at the corner of Pierce and Grace streets, which caused him to fall, resulting serious personal injuries. Everything new, new store, new fixtures, new people, and best of all, new goods, to-day at the grand opening of millinery at Mrs. Rogers, No. 341 Broadway. Tompleton & Lamb are making the interior of their cigar store very attractive by papering the walls with various cigar box labels, the decoration being novel and pretty. The variety of labels is astonishing to one not in the business. This is the last day of the grand opening at Mrs. Rogers' millinery store, No. 341 Broadway. Artists' Materials at G. R. Beard's Wall Paper Store. Send for price list. Facts worth remembering when you buy Wall Paper: Ist.—That Board, next door to postoffice, has the largest stock to select from. 2d.—That his prices are as low as the lowest. 3d.—That he is a practical interior decorator and employs none but skillful workmen.

THE BRIDGE BILL. There have been so many and various statements made about what the bill contained which was passed by congress in May, 1884, providing for the construction of a wagon and railway bridge between here and Omaha, that for the benefit of the public The Bee gives its substance again, it having published the bill in full at the time of its passage. NEW WHITE GRAPE NIAGARA! Copy of a part of a photograph of a NIAGARA vine, planted 1873, as it appeared Fall of 1880 with 63 clusters weighing 26 lbs. on 48 in. bearing wood. 1st.—The Niagara ripens in favorable seasons at Lockport, Aug. 20th. 2d.—It never drops from the stem if left to hang till frost comes, and improves in flavor the time. 3d.—It is purely native, and therefore hardy. Has stood 35 degrees below zero without injury. 4th.—Bears a good crop the 3d year and often the 2d, and is a regular bearer, and no waste, as bunches are compact. Never fails to ripen its crop as the thick leathery foliage holds even to the base of the canes until frost kills it. 5th.—Vineyards are in bearing in various sections from Georgia to the Northern Lakes and Canada, and from Kansas to the Atlantic coast, there being more than 1,000 acres planted within the last five years, and over 200 acres were planted at Brocton, Chautauque Co., N. Y., last spring, (1884); Jones Martin alone having 47 acres; the largest vineyard of Niagara, being planted at Highland, Ulster Co., N. Y., by Sam'l Rogers, Esq., which contains 80 acres of this one variety, and he has realized from 20 to 30 cents per pound for his fruit, while Concord grown in the same locality brought from 4 to 6 cents only. 6.—All parties planting vineyards have signed a contract to return all the wood and cutting every year back to the Company up to, and including 1887; so that the sole owner of all the stock, and no one but the Company and its authorized agents can sell and deliver genuine Niagara vines. So all persons should examine agent's certificate of authority, and see that it has the corporate seal of the Company attached, and every vine that it has a lead seal attached, bearing the impression of the Company's registered trade mark. 7th.—We now offer for the first time, strong 2 year old vines at retail at \$2.00 each without restrictions, to be delivered on and after March 1st, 1885. 8.—All parties planting vineyards have signed a contract to return all the wood and cutting every year back to the Company up to, and including 1887; so that the sole owner of all the stock, and no one but the Company and its authorized agents can sell and deliver genuine Niagara vines.
